

# OverDrive Download: Nook

1. Get a library card
  - a. The Hyrum Library card is free to residents of Hyrum, Nibley, and Wellsville.

**Anyone residing outside of these areas will be charged a \$30 annual user fee.**

2. Download and install the OverDrive Media Console app from the Barnes and Noble app store.
3. Open the OverDrive app. At the bottom of the screen click the options menu.
4. Click “Get Books”
5. Click “Add a Library”
6. Search “Hyrum Library”, then select “Pioneer: Utah’s online Library”.

**To keep Pioneer as a favorite library, click on the star icon to the left of the list of libraries.**

7. When you click on the Pioneer link, a browser will open and you will need to sign in. The sign in option is located at the top right corner of the page.
8. **SIGNING IN:**
  - a. Click the sign in option, search for Hyrum Library, click on “Hyrum Library”, then click “Hyrum Library users click here”
9. You will then be asked for a library access code. This access code is **c1p84319** followed by your library card number.

**(Example: if your library card number is 9182 you will enter c1p843199182)**

**If your library card number is three digits you will need to add a ZERO to the beginning of your library card number.**

**(Example: if your card number is 789 you will add a zero to the beginning and your card number will now be 0789)**

10. You are now logged in and ready to search for a book.
11. Once you find the book you would like to check out, click on the picture of the book, then click on “Borrow”.
12. Clicking on borrow will take you to your OverDrive account; then decide how you want to read your book (Click on either “Read (in your browser)” or “Download”).
13. You will need to sign up for an Adobe ID, click on “get ID” and fill out the required fields, then go back to the Overdrive app, and authorize Adobe to function on your device.
14. **Returning the title:** Open the Overdrive app, this will show you a list of titles currently checked out to you. Click the + next to the title you want to return and click “Return and Delete”.
